This unit with track-laying amphibious wehicles transferred from Sperenberg to Guesen on 2 trains totaling 75 flatcars on 11 September. An additional 13 similar amphibious vehicles presumably arrived at Guesen from the USSN on 15 September. It is thus believed that a total of approximately 80 of these amphibious vehicles were assembled in the Guesen area after 15 September. The 86 amphibious vehicles mentioned in the present report appears credible since; the three return shipments included.91 flatcars and RRym-type flatcars. distinguished between the standard-type amphibious vehicles with wheels and the new track-laying type, an equipment of this special	25X1 25X1 25X1 25X1
